DETAILED ACTION

Claim Rejections - 35 USC § 103

1. The following is a quotation of 35 U.S.C. 103(a) which forms the basis for all obviousness rejections set forth in this Office action:

(a) A patent may not be obtained though the invention is not identically disclosed or described as set forth in section 102 of this title, if the differences between the subject matter sought to be patented and the prior art are such that the subject matter as a whole would have been obvious at the time the invention was made to a person having ordinary skill in the art to which said subject matter pertains. Patentability shall not be negated by the manner in which the invention was made.

2. Claims 1-12 are rejected under 35 U.S.C. 103(a) as being unpatentable over Edling et al. (US 4080796) in view of Harper (US 3673974).

Edling et al. discloses an off-shore structure comprising a hull (22), legs (26), mat(24), said mat having an opening with the hull nested therein (see Figs. 1,2, abstract and col.

3). Edling discloses the invention substantially as claimed. However, Edling et al. lacks a mat that allows the lowering of the mat to the seabed without assistance of ballasting the mat. Harper teaches to lower a mat to the seabed without assistance of ballasting the mat (see col. 6 lines 1-2). It would have been considered obvious to one of ordinary skill in the art to modify Edling et al. by substituting the mat lowering means as taught by Harper for the mat lower means disclosed by Edling et al. since these are well known alternate mat lowering means.

Response to Arguments

3. Applicant's arguments with respect to claims 1, 6 and 11 have been considered but are moot in view of the new ground(s) of rejection.

Conclusion

Art Unit: 3673

4. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
